 June 6-7, 2019
 For more information, visit: www.nefa.org

The CCX helps build a bridge between the creative sector and community development by providing a peer-to-peer forum to explore the abundant creative assets of New England and share how—through collaboration, ingenuity, vision, leadership, and patience—the creative sector continues to breathe life and opportunity into the region.

CCX rotates to different New England communities and highlights a wide range of successful initiatives from around the region that leverage the local creative sector for revitalization and growth of the broader community.
